GRUPPO FONARCHITETTI

was founded in the late Eighties as a container of multidisciplinary experiences, it's composed of a consolidated structure of dozens experts, some of them are performing in University activities.

During its thirty years of activity the firm has developed in-depth knowledge in the areas of historical architecture, bio-architecture, Urban and territory regeneration and completed several buildings construction.

Among the many building projects, a particular attention is dedicated to the use of wood technology.

Part of the office is developing commercial formats for leading food&beverage companies.

Nowadays the firm has completed over 240 projects in 4 Continents, 18 Countries and 70 Cities.

Awards, mentions and exhibitions:

Premio Architettura Città di Venezia Editions 2005 - 2008 - 2014

Premio Nazionale di Architettura Raffaele Sirica 2010

Premio Architettura città di Oderzo 2019

Premio IN/ARCHITETTURA 2023

With FONOLTRE the office develops projects and no-profit investigations, pointing the way to awareness and methodology for built and farming areas restoration and re-use.

● **PEOPLE**

● WHO WE ARE

● THE FIRM

● NICOLA SALVIATO

● OSCAR SCOMPARIN

GROUP

BECAUSE WE THINK THAT QUALITY IN ARCHITECTURE IS ALWAYS THE FRUIT OF THE WORK OF A MULTITUDE OF PEOPLE.

FON

BECAUSE APART FROM BEING A SIMPLE ANAGRAM, FINE ARCHITECTURE ALWAYS CONCEALS A SECRET.

ARCHITECTS

BECAUSE THE SECOND ANSWER OF A CHILD TO THE QUESTION WHAT WILL YOU DO WHEN YOU GROW UP? AN ARCHITECT. THE FIRST ONE, NATURALLY, A FOOTBALL PLAYER.

FON OLTRE

IS THAT INTANGIBLE PLACE INSIDE US, MADE OF TIME, FEW FINANCIAL RESOURCES AND SUCH GENEROSITY, IT IS WHERE WE FIND OUR ROOTING IN PLACES WHERE WE LIVE AND WORK AND IS THERE THAT THE WORK OF THE ARCHITECT WILL BE A DUTY FOCUSED ON LEAVING OUR LIFE PLACES BETTER THAN WE FOUND THEM.

WHO WE ARE

WHAT WOULD MAN BE IF HE WERE REALLY ABLE TO ANSWER THIS QUESTION. WE ARE A DOZEN OF ARCHITECTS. EACH OF US HAS ITS OWN STORY AND CHARACTERISTICS. OUR WORKSHOP HAS ALWAYS BEEN LIKE THE PIER OF A SEAPORT AND, FOR US, EVERY PERSON IS LIKE A SHIP TO WHO WE OFFER MOORING.

WHAT WE DO

BASICALLY, WE WORK A LOT AND WE HOPE THAT OUR EFFORT SHOWS ITSELF IN OUR BUILDINGS AND DESIGN. WE CONCERNED WITH SUSTAINIBILITY, BUT WE DON'T LIKE TO BE "A LA MODE". OUR FIRST SUSTAINABLE PROJECT IS DATED 1988.

WHERE WE ARE

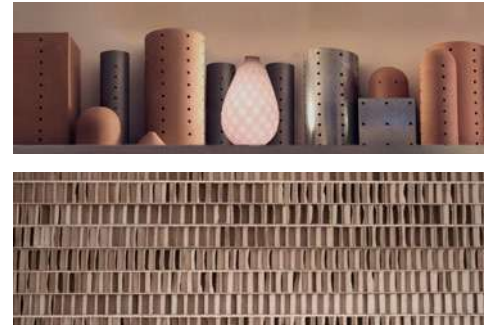

IN MESTRE VENICE, ITALY. BUT WE ARE NOT CONFINED TO OUR TERRITORY. IT COULD BE THE GENES OF THE CITY, BUT OUR WORK HAS LED US SEVERAL TIMES ALONG THE ROUTES OF MARCO POLO. PASSING THROUGH ABU DHABI, SAMARCANDA AND UP TO SHANGHAI.

MESTRE

THE FIRM

Kids will be born and grow in our sustainable architecture. Among the most important and precious memories of their childhood, there will be the house that we designed on an ordinary day, on an ordinary year, in the noise of our daily life.

NICOLA SALVIATO

He was born in Mestre in 1962, graduated at IUAV University in 1988 and he is founder member of GRUPPOFON ARCHITETTI.

He works as professional in GRUPPOFON and simultaneously conducts a practical, theoretical and emotional work aimed to know and to understand the complicated settling of nature's transformations made by human, he dedicates himself to propagate these themes with local developed activities coordination made by FONOLTRE.

OSCAR SCOMPARI

He was born in Mestre in 1961, graduated at IUAV University in 1988 and he is founder member of GRUPPOFON ARCHITETTI.

He initially operated mainly in restoration and historical and artistic buildings preservation. He works as professional in GRUPPOFON, simultaneously he's author of several publications, lectures in international UNESCO-ROSTE meeting in Venice, Science and Cultural Heritages in Bressanone, and teaches at Ca' Foscari University of Venice.

SILVIA MARINOTTO

Silvia was born in Venice. She received her master degree in "Architecture for the Old and the New" at the University of Venice (IUAV) in 2017. She continued her studies at the same University with a BIM advanced course. She is passionate about Photography and Art. She has been collaborating with GRUPPOFON ARCHITETTI since 2018 where she currently deals with architectural and interior design using BIM tools.

• A fast food of panino, born in the Miami beach and exported in Mexico.

2013 MEXICO, Mexico City, SantaFè
2012 USA, Miami Beach, Aalton Road

2010 LA TAVOLA

• Interior-exterior review of a historic restaurant on the way Treviso-Feltre.
• The name it already combines the main elements of the project: LaTavola such as a culinary evocation and at the same time such as evocation of natural or painted wooden table.
• A project that creates the bases for a low economic impact operation but with a high emotional yield, thank to the wood panels of the external coating and of the communication with LED-RGB with high performance.

• ITALY, Treviso, Signoressa di Trevignano

2007-2010 RISTOP CAFFE'

• National player on the restaurant business, mainly on motorway infrastructures. In ads of Novate Milanese North in particular it has been developed the theme of quality coffee break, with areas defined by chromatic selection, materials, lighting and by paying special attention to the separation from fast flows, typical of the consumer of mobility.

2010 ITALY, Verona
c/o Catullo Airport
2007-2008 ITALY, Milan-Novate
c/o service area Novate Milanese North

2008-2018

An already existing format where the know-how was developed to implement it in areas characterized by high mobility, such as: airports, railways, shopping centers and factory outlets.

- 2018 **ITALY, Rome**
Stazione Ferroviaria Roma Terimini
- FON+  2009-2010 **ITALY, Rome**
c/o Leonardo Da Vinci airport
Area gate C
- FON+  2009-2010 **ITALY, Rome**
c/o Leonardo Da Vinci airport,
Terminal 3
- 2009 **ITALY, Bergamo, Antegnate**
c/o Antegnate shopping center
- 2009 **ITALY, Milano, Gallarate**

c/o Marco Polo airport

1999-2010 MANDRILLO

From the beginning, the first of the salient features of this format was the targeted selection of places where doing the activity, recognizing a high value to the architectural container, even before the trade: from the old eating houses/inns to the historic buildings in our venetian walled cities. In the course of time the project grow up and it introduces a language that can adapt to the location that have no historic background. The project is characterized by the strong color prevalence, without renouncing distinctive elements.

2010 ITALY, Padova, Cittadella
2007 ITALY, Venice, Mestre

MENTIONED Premio di Architettura

2003 ITALY, Treviso, Castelfranco
2002-2004 ITALY, Padova, Rubano
2000-2001 ITALY, Padova
1999-2000 ITALY, Treviso, Preganziol

2007-2008 L'ORTO

The project develops and updates an existing format in the free-flow restaurant area, with presences on the highway area, airport area and shopping centre. The main objective of the formula review was combining the culinary transformation of the fresh product with the cultivation place, farming and rural production, emphasizing and reinterpreting evocative elements that come from trade name.

2007-2008 ITALY, Milan-Novate

2007-2009 ITALY, Venice, Marcon
c/o Valecenter shopping centre

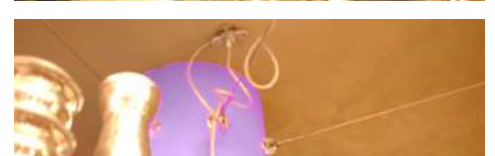

di **FILODRAMMATICI**

osteria con cucina

2002-2004 **AI FILODRAMMATICI**

• This location in Treviso historic centre was born after a building renovation. It is developed in an old kitchen of a restaurant and in a residual space of an upstairs room. The project aims to keep the integrity of its historic signs, redesigning some of the spaces, the accesses and the use destinations.

• ITALY, Treviso

2004 **B'IO**

• Me, you, to feed us and the earth. The mission of this formula of alimentar distribution is to grow and market products from organic agriculture trying to turn our attention both to the earth and to the humans. Every person has the possibility to understand the wonderful responsibility that binds him to the other living beings; Every person has the possibility to understand how his choices have effects on himself, others and nature. For every person as an individual B'io speaks.

• ITALY, Treviso, Silea

ZONA Δ

1998 **ZONA**

• The detail is important, the detail is a fragment of the whole, from the detail you can understand the whole. A store designed for emotional purchase of design objects, where every details become a sensory experience.

• ITALY, Treviso, Conegliano
